

# GET CONNECTED

## Member Involvement Series

The Partnership has a great deal to offer our Members. We want to make sure your company is getting the most out of its membership and taking full advantage of the many benefits available to you. Our two-part Member involvement series helps you “Get Connected” to the key resources that only the Partnership can offer!

### Part 1: Member Orientation Meeting (MOM)

Member Orientation Meetings are a great opportunity to meet our staff and learn more about the Partnership. We provide in-depth information on the Partnership’s history, its current program of work and its future. Most importantly, you can find out how to “get connected.” This event is free and open to new and prospective members.

**Date & Time:**

---

### Part 2: Maximizing Your Membership

The Partnership works because our Members get involved. Take the next step and learn how to choose the right committee for you, your World Trade Association membership, link your site to the Partnership’s “Find a Job” Web page and so much more. Come learn more about all the benefits available to you as a Partnership Member and how you can maximize your membership. This event is free and open to new and prospective Members.

**Date & Time:**

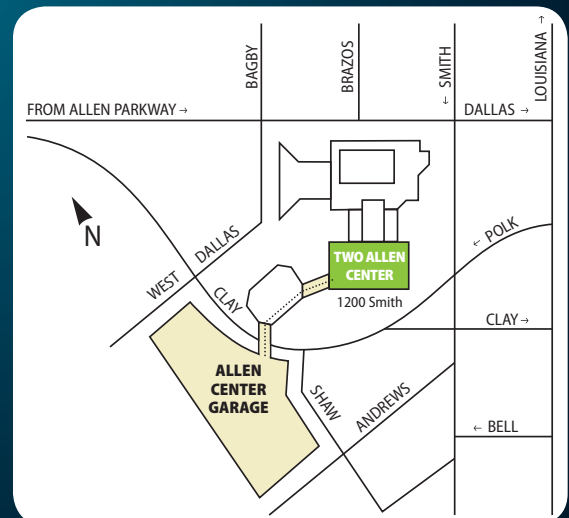

---

**Member Orientation Meetings** and **Maximizing Your Membership** are both held at the Greater Houston Partnership, 1200 Smith Street, Suite 700 Houston, TX. For more information or to register, contact the Partnership Member Services Division at 713-844-3683, or visit [Houston.org](http://Houston.org).

### Parking

Visitor parking is available at the Allen Center Garage on Clay. Use the garage entrance marked for visitors on Clay or Andrews and take the skywalk through Three Allen Center to Two Allen Center. The Partnership’s lobby is on the seventh floor. There, you can obtain ticket validation for a discounted parking rate.
