Stan de Caluwe, Senior Supply Chain Solutions Manager, Holland International Distribution Council

In his role as Sr. Supply Chain Solutions manager at the Holland International Distribution council, Stan assists overseas companies with setting up and optimizing their supply chain in Europe. Since starting at HIDC in 2015, Stan has worked on more than 200 projects from North America, varying from large scale distribution centres to small and medium-sized businesses making their first moves into the European market.

Especially fascinated by supply chain and logistics, Stan works together with HIDC's 300 member companies in the Netherlands: big and small third-party logistics companies (3PLs); entities such as the Port of Rotterdam and Schiphol Airport; and different service providers, such as custom brokers, tax experts and supply chain specialists. Stan holds a Master's degree in Business Geography.

Holland International Distribution Council (HIDC) – Nederland Distributieland (NDL), in Dutch – is a public-private, non-profit organization that helps international companies establish or optimize their supply chain in Europe. HIDC offers free advice on logistics, customs, value-added tax (VAT), customer service and, if needed, connects overseas companies to suitable partners in The Netherlands.
