**Updated
April 2, 2020**

A Brief Introduction

We understand that many people in the greater Houston Area have recently had their lives upturned due to the news caused by the spread of the Covid-19 virus. Issues such as food stability, health, income and education which are already a challenge in our city have only grown worse in the last few days. We at the CDRC would like to do our part in helping those in need by compiling a list of resources for anyone who might be facing issues in the coming days and weeks, and we ask that whether or not you might need this help, that you share it anyone who you know might need it. We plan to continually update it with any additional resources we find and you can always find the most recently updated version at our website.

Stay Home - Work Safe order issued for Houston, Harris County

Please read the following information carefully, the City of Houston is constantly changing and adapting the strategies and methods to slow the spread of the coronavirus, this will be updated once new information is available

A [Stay Home - Work Safe Order](#) has been issued for Houston and Harris County residents to help fight the spread of COVID-19.

The order will go into effect at 11:59 p.m March 24th and will last until April 3. It applies throughout Harris County, including unincorporated areas and all cities within the county.

Mayor Turner has asked that people stay at home and only leave if they have essential needs, such as purchasing groceries or receiving medical care.

According to the federal government's Cybersecurity and Infrastructure Security Agency guidelines, there are 16 sectors considered essential:

- Communications
- Chemical
- Critical Manufacturing
- Commercial Facilities
- Dams
- Defense Industrial Base
- Emergency Services
- Energy
- Financial
- Food & Agriculture
- Government Facilities
- Healthcare & Public Health
- Information Technology
- Nuclear Reactors, Materials and Waste
- Transportation Systems
- Water

As of now grocery stores do plan to stay open and restaurants can continue to serve carry out food. Daycares who provide care to employees of any essential sectors may also remain open. Parks will remain open, but no playgrounds, benches, exercise equipment or basketball courts may be used. People who enjoy the outdoor spaces must maintain social distancing by staying at least 6' apart.

Any one who does not comply can be fined or put in jail for upwards of 180 days.

Free Coronavirus Testing (as of 03/24/2020)

Harris County Public Health

*Please read the following information carefully, the City of Houston is constantly changing and adapting the strategies and methods used for Coronavirus testing, this will be updated as new information is available**

People of any age who are experiencing common COVID-19 symptoms, such as cough, difficulty breathing and fever, will need to call the Houston Health Department's COVID-19 call center at **832-393-4220 between 9 a.m. and 3 p.m. to receive a unique identification code and instructions on where to go for testing.**

Both Harris County and the city of Houston have created online or phone-based screening methods that people must use before heading to a testing site. Harris County residents can go to ReadyHarris.org or call 832-927-7575. Houston residents can also call 832-393-4220.

The site will only accept people with a unique identification code obtained through the screening process. People who show up without an identification code will not get tested.

Examples of chronic illnesses include heart disease, asthma, chronic lung disease, cancer, and HIV/AIDS. Transplant recipients, people with weakened immune systems and pregnant women are also eligible for COVID-19 testing.

People who are sent to a testing site are encouraged to leave their windows **rolled up** until they are told by workers at the site to roll them down.

"If you are a healthy person with mild symptoms and not seriously ill, please self-quarantine at home," Dr. David Persse, local health authority for the Houston Health Department, said. "Most people infected with COVID-19 recover. It's important we first focus our limited testing resources on the most vulnerable."

Three more testing sites are expected to open in the coming days. The locations of the testing sites are **not** being released to prevent people from showing up and being turned away because they did not complete the screening process.

Insurance information will be collected at the sites, but payment will not be accepted. Information will not be used against immigrants in their public charge evaluation.

Legacy Community Health

Fort Bend Coronavirus Testing (3/26/20)

OakBend Medical Center

Effective Thursday, March 26, 2020, OakBend Medical Group will conduct COVID-19 Testing if, and only if, the patient meets the following criteria:

Initial criteria for the COVID-19 Testing will require a Telehealth visit:

- A telehealth visit will be instituted by calling 281-238-7870
- Our Medical staff will schedule a visit via tele health
- The patient will be screened during the Telehealth visit for criteria that suggests a possible positive COVID-19

Criteria for COVID-19 Testing:

Patients must have symptoms (fever, cough, shortness of breath) AND/OR have one of the following risk factors:

- Older than 65 years old
- People who have serious underlying health conditions (heart disease, diabetes, lung disease/asthma, HIV, immunocompromised)
- Healthcare workers with suspected exposure
- COVID-19 testing is 8am – 1pm with the numbers of tests limited
- All tests must have an order from the telehealth visit
- Test Results take 24-48 hours
- COVID-19 testing will be charged to patient insurance for patients that have Medicare, Medicaid or Commercial insurance. For self-pay patients the cost of the test is \$100 at the time of service. Patients must pay by credit/ debit card prior to arriving for the COVID-19 testing.
- The patient will be given instructions by the provider's office to come to the testing

If you are not sick, you do not need to be tested. You should practice everyday preventive methods:

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing. If soap and water are not available, use an alcohol-based hand sanitizer with at least 60% alcohol.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home when you are sick.
- Cover your coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands. Remember to wash your hands after coughing or sneezing.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe
