

Additional Racial Equity Resources

Studies and Reports

[Supporting Your Black Workforce Now](#)

This report from Deloitte offers practical ideas for leaders and organizations to take action.

[The Economic Impact of Closing the Racial Wealth Gap](#)

This report from McKinsey & Co. examines the widening racial wealth gap that disadvantages black families, individuals, and communities and limits black citizens' economic power and prospects.

Organizations

[The Urban Institute](#)

The Urban Institute examines how structural racism continues to disproportionately segregate communities of color from access to opportunity and upward mobility by making it more difficult for these populations to secure quality education, jobs, housing, healthcare, and equal treatment in the criminal justice system.

[U.S. Chamber of Commerce](#)

Driven by data and informed by conversations with business, government, academic, and civic leaders, the U.S. Chamber developed an initial Equality of Opportunity Agenda to advance private sector solutions and best practices, scale impactful programs, and drive policy action at the federal, state, and local level.

[Association of Chamber of Commerce Executives](#)

The Association of Chamber of Commerce Executives provides resources and guidance for chambers working to address inequity within their communities.

[The Business Roundtable](#)

The Business Roundtable, an association of CEOs from leading U.S. companies, offers information around racial justice including data, CEO perspectives and other resources.
